

MONAI Cybersecurity Security Report

Executive Summary

Metric	Value
Project root	C:\Users\kozakka\monai_test\audit_cyber_monoai
Dataset root	None
Model path	C:\Users\kozakka\monai_test\audit_cyber_monoai\monai_demo_projects\09_clinical_candidat...
Dependencies	7
Model files	1
Dataset files	0
MONAI transforms	61
Issues	36

Issues

Level	Scanner	Category	Message
INFO	dataset_metadata_scanner	no_dataset_root	No dataset root provided.
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consister
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consister
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consister
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consister
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consister
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consister
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.

Level	Scanner	Category	Message
INFO	monai_transform_scanner	transform_review	RandAffined: Random transform affects reproducibility. Set deterministic seed for au
INFO	monai_transform_scanner	transform_review	RandGaussianNoised: Random transform affects reproducibility. Set deterministic se
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consisten
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consisten
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.
INFO	monai_transform_scanner	transform_review	Orientationd: Orientation changes coordinate convention. Confirm image and label tra
INFO	monai_transform_scanner	transform_review	Spacingd: Spacing changes voxel geometry. Confirm spacing is logged and consisten
INFO	monai_transform_scanner	transform_review	LoadImaged: Verify file paths are controlled and not user-supplied without validation.

Dependencies

Package	Version
monai	1.5.2
torch	2.10.0
numpy	2.2.6
nibabel	5.4.2
scipy	1.15.3
pydicom	3.0.1
matplotlib	3.10.8

Model Files

Path	Size	SHA256	Notes
C:\Users\kozakka\monai_test\audit_cyber_model\monai...	20...	afc3f90840476f83...	

Dataset Metadata

Path	Shape	Min	Max	SHA256
No dataset files scanned	-	-	-	-

Defensive Notes

- Use checksum-verified datasets and model artifacts.
- Avoid loading untrusted pickle-based PyTorch checkpoints.
- Keep raw intensity and affine metadata in audit logs.
- Review MONAI preprocessing transforms before training or deployment.
- Keep JSON and CSV reports for reproducibility and publication support.
